

YAKABOD ENTERPRISE CASE MANAGEMENT PLATFORM

EFFICIENCY + SECURITY IN ONE CUSTOMIZABLE SOLUTION

PURPOSE-BUILT SOFTWARE WITH ZERO-COMPROMISE SECURITY.

Yakabod's modular platform makes it easy to create custom case management apps for any enterprise. Originally developed for U.S Intelligence agencies, Yakabod delivers the confidential, efficient, and compliant solutions your organization needs – and the peace of mind you crave.

BUILD A CUSTOM APP IN DAYS.

Can't trust Sharepoint, Salesforce, or ServiceNow with your most sensitive information? We've worked alongside enterprise, government, and higher-ed customers to develop highly efficient and secure case management modules. Choose from our pre-built apps or configure your own.

DESIGN YOUR OWN PLATFORM FOR...

Cyber Incidents

Personnel Security

Insider Threats

Physical Security

Regulated Lab
Testing

Any Case Management
Process

DON'T COMPROMISE ON SECURITY.

Yakabod is the world's most airtight case management platform. Every app is built on top of our secure stack and hardened software appliance, accredited by intelligence agencies and industry leaders.

- ◆ Hardened, SE Linux virtual appliance
- ◆ Granular, intuitive, need-to-know access controls
- ◆ Encryption at rest and in transit
- ◆ System-of-record and audit

YAKABOD | yakabod.com

CASE MANAGEMENT HAS NEVER BEEN THIS INTUITIVE.

Yakabod's team of design experts will work with you to understand your needs and craft the perfect solution. Whatever you want to build, we'll find a way to make it more efficient and more secure.

CASES & COLLABORATION

- ◆ Rich case forms and data structures
- ◆ Integrated document storage and sharing
- ◆ Private in-app collaboration
- ◆ Pre-built and customizable reports and dashboards

COMPLIANCE

- ◆ Standards-driven security controls (NIST, NITTF, NISPOM, ISACA and more)
- ◆ Consistent workflows and policy enforcement
- ◆ Intuitive confidentiality protection
- ◆ Comprehensive assurance of integrity

LOW-CODE. NO-CODE. NO PROBLEM.

Start with Yakabod's pre-engineered, feature-rich platform to get premium solutions without the premium price tag. Build apps from scratch or tune Yakabod's existing applications. Our agile, no-code approach lets you tailor apps with zero engineering effort.

FOR ORGANIZATIONS THAT REQUIRE AIRTIGHT SECURITY.

Our platform manages cases and classified data for the US Federal Intelligence Agencies. Now you can use the same technology to protect your enterprise's most sensitive data and workflows.

- ◆ Corporations
- ◆ Higher Education Institutions
- ◆ Civilian and Government Agencies
